

## Corona Virus/COVID-19 statement from Shady Oaks Campground

In this time of uncertainty, we continue to offer a safe, clean, and spacious environment for our guests.

Our RV sites are very spacious and include water, electric, sewer, expanded cable TV and Wi-Fi, as well as a picnic table and fire ring to enjoy the great outdoors.

Each cabin has a covered porch, picnic table and fire ring. They are thoroughly cleaned and disinfected following each guest departure.

Our propane fill station will remain open to our guests and neighbors needing fuel.

We diligently review CDC guidelines and have increased our cleaning protocol even more. Your health and safety is our first priority and we have **temporarily** implemented the following:

- We have closed the pavilion, splash pad and playground to our guests.
- Our laundry room will be limited to one guest at a time. We will clean between each use.
- We are requesting all RV'ers to use their own bathroom/shower facilities.

When you need to stretch your legs, we have our groomed walking trails tucked in the back or you can enjoy all the Buffalo National River area has to offer, while maintaining safe, social distancing.

We continue to accept reservations and offer remote check in. If you have any questions, please call 870-743-2343 or email us at [camping@camptheoaks.com](mailto:camping@camptheoaks.com).

Sincerely,

Robert and Melissa Ginn
